INTRODUCING **LIFE ENRICHMENT’S GARDEN BRIDGE**

PROVIDING A PATHWAY TO RENEWAL

**the volen center**
Together we make community happen.
The innovative and holistic nature of the Garden Bridge Program is what differentiates it from other more traditional approaches to care. We provide new alternatives for individuals in the early stage of cognitive impairments and Alzheimer’s, while also offering continued support, education and referrals to their family caregivers.

GARDEN BRIDGE Activities Include:
• Art Class
• Exercise Classes
• Care Planning
• Brain Aerobic/Memory Classes
• Discussion Groups
• Support Groups/One-on-One Counseling
• So Much More

Participants are assisted by professionally trained staff. Our program offers both independent and supervised activities on a daily basis. Garden Bridge services and transportation are provided at a nominal fee. Garden Bridge provides a pathway to renewal.

Let us give your loved one and family a second chance at experiencing the joy of life. To experience our Garden Bridge Program or to learn more about getting on the Path to Renewal, please call 561-395-8920 ext. 272.
