Growing community support

Without the support of generous individuals, corporate sponsors and granting agencies across South Florida, the Volen Center couldn't provide all that it does. Our neighbors would have to do without much-needed care and support.

Generous individuals donate to the Center to support specific programs like Transportation, Senior Dining Sites and Home Delivered Meals. Donor programs like the Volen Adult Day Care Scholarship Fund provide opportunities for individuals and businesses to make a substantial difference in the lives of families dealing with the hardship brought on by chronic disease and cognitive disorders like Alzheimer’s disease.
